

High performance LED pole top luminaires

The Juno D is a high efficiency, IP66, circular LED pole top luminaire for higher mounting heights, designed to be used as a direct replacement for traditional circular pole top discharge luminaires up to twin 400W.

The Juno D is available in 99W to 326W with symmetric and asymmetric distributions capable of producing almost 48,000 lumens of white light, with colour rendition greater than 70 CRI.

Applications: car parks, amenity areas and hospital estates.

- Strong high-pressure die-cast aluminium top and column mount
- High-impact UV stabilised polycarbonate cover
- Smooth wipe clean surfaces, no dust traps
- Integral high efficiency drivers
- Extremely efficient and long system life up to 100,000 hours
- Fits 101mm columns as standard
- Photocell option
- Zero upward light
